

RESIDENTS

Join the Academy for Emerging Leaders in Patient Safety for a transformative 4-day immersive program.

Experience hands-on education and training from international patient safety leaders on concepts including:

- Transparency and communication after unexpected harm
- Human factors engineering
- High Reliability principles
- Quality Improvement
- Leadership
- ...and much more!

Summer 2024 workshops being held in Colorado and Maryland.

A limited number of full scholarships are available for MedStar residents and fellows.

Visit Starport ([Scholarship Opportunities under Education & Training](#)) or contact AELPS_Support@medstar.net for more information.

Applications due January 15, 2024.
